

WELCOME

Welcome to Butchers Coppice Activity Centre. Whether you are here for a week, or just an hour, we hope you enjoy your stay.

Butchers Coppice is a 7½ acre campsite situated in the north west corner of Bournemouth, close to Bournemouth, Poole, Christchurch, Wimborne, the Isle of Purbeck and the New Forest. We are also the closest Scout campsite to Brownsea Island, the birthplace of Scouting. The campsite is easily accessible by road, rail or air.

The campsite has two indoor accommodation centres, one sleeping 42 and the other sleeping 34. Both centres have fully equipped kitchens, toilets, hot showers and central heating.

For campers we offer a choice of sites, either on the main field, for those who need plenty of space, or in a variety of individual copse sites. If you are camping but need indoor space we also have the Explorer Centre.

We have a modern toilet and shower block at the copse entrance to the main field to serve campers and day/evening visitors. The facilities offer free male and female toilets and hot water showers as well as separate washing points. The block also includes separate disabled toilets and showers and a baby changing area.

We welcome Scout and Guide Groups, schools and other bona-fide youth organisations from around the World.

Bournemouth is a fantastic venue for longer holidays or short breaks with a rich and varied landscape - from forest to beaches to busy shopping centres - visitors to the campsite can enjoy a variety of on-site and local activities.

This is a local, friendly campsite, owned and operated by Bournemouth Scouts.

If you have any other questions about the site please contact reception on 01202 574747 or visit our website – butcherscoppice.org.uk

Site Manager

INDOOR

We have two indoor accommodation centres at Butchers Coppice which are both available for use throughout the year – the Jubilee Centre and the Dad Atkins Centre.

The **Jubilee Centre** is set in its own private area in the corner of the main camping field. The Centre has central heating. The main hall measures 10.6m (35ft) by 5.8m (19ft) and is equipped with tables, chairs and benches. A large draughts board is set into the floor in the main hall and pieces are available.

The Centre has eight dormitories - two with four bunks (sleeps eight in each of the two rooms), three with two bunks (sleeps four in each of the three rooms), two with one bunk (sleeps two in each of the two rooms) and one with two single beds, an en-suite toilet and shower facilities, which are fully equipped for disabled guests, giving a total of 34 beds.

The Centre has male and female toilets, hot water showers, a kitchen with a large gas cooker, microwave, fridge/freezer and a full range of cooking and eating utensils.

The **Dad Atkins Centre** is set in the copse area of the site. The Centre has central heating. The main hall measures 15.7m (51ft) by 7.4m (24ft), has dividers which can be moved out to provide some segregation if required and is equipped with 36 mattresses, tables, chairs and benches.

The centre has toilets, hot water showers, two Leader/helper bedrooms (one sleeping four and the other sleeping two), a kitchen with a large gas cooker, microwave, fridge/freezer and a full range of cooking and eating utensils.

OUTDOOR

Campers can choose sites on the main field or from our three smaller copse sites.

All field camping sites have easy vehicle access and all copse camping sites are within a very short walk of vehicle access. Trolleys can be provided to help you move your kit if necessary.

FACILITIES

Tuck Shop (Harry's Provi)

Our Tuck Shop offers a variety of sweets, drinks, confectionery and souvenirs, all very reasonably priced! The Tuck Shop is usually open daily.

Campfire Circle

You are welcome to use our campfire circle in the copse area. We organise a weekly campfire on a Wednesday evening for all visitors in peak periods.

Chapel

You are welcome to use our Chapel in the copse area for religious observances or quiet reflection. There are several local places of worship close to the campsite including most faiths.

Shopping

There are a variety of large 24 hour supermarkets close to the campsite including Tesco, Sainsbury's and Lidl. There is also an early-late convenience store just five minutes walk from the campsite.

Fires

Wood fires and gas cooking are permitted on the site and a well stocked woodpile is provided. A number of alter fires are also available. Felling or cutting from trees is strictly forbidden.

Mobile Phones

The campsite has excellent coverage on all major mobile phone networks. Adults are welcome to recharge mobile phones, satnav units, rechargeable batteries and other electrical devices in one of our recharging lockers for a small deposit.

Freezers

Both indoor accommodation centres have fridges and freezers in their kitchens. A freezer is available for campers at reception.

Wifi

WiFi is available across the majority of the site and in both indoor accommodation centres.

Recycling & Waste

A recycling system is in operation at the campsite. Non-recyclable waste is collected regularly.

Local Information

Our reception is open daily and staff will be more than happy to provide you with information such as weather forecasts or directions to local places of interest or give advice and assistance.
